DISCOVER THE WORLD OF AFS

AFS - Automotive Film Supplies - is entering the automotive film market with a dynamic and versatile product portfolio. In addition to high-gloss, satin, and matte clear paint protection films, we offer colored PPF solutions and headlight protection films - each designed with durability, aesthetics, and easy installation in mind.

This product line not only sets a new standard in protection and appearance, but also presents an exceptional opportunity for professionals seeking to represent a quality brand backed by a strong foundation, flexible support, and reliable supply.

With decades of experience in the automotive film industry, we understand exactly what professional installers need. We maintain close relationships with the world's leading manufacturers, ensuring consistent quality and continuous stock availability. We also provide full support at competitive prices to help our partners successfully enter and grow in the market.

AFS IS NOT JUST A NEW BRAND - IT'S A RELIABLE PARTNER FOR LONG-TERM COOPERATION.

WHY PLAN YOUR FUTURE WITH US?

Over 40 Years of Experience in the Automotive Film Industry

Our company has been distributing automotive and paint protection films for over four decades. Industry expertise, market knowledge, and technical background all contribute to our ability to be a stable and trusted partner.

Direct Partnership with Leading Global Manufacturers

Our products come from the factories of the world's top film producers. Through our close cooperation with them, we can guarantee consistent quality and fast supply.

Wide Portfolio - Immediate Availability from Stock

Every type of film in our portfolio is ready for shipment directly from our warehouse. There's no need to wait weeks for production - your work doesn't stop, because we ensure ongoing availability.

Support in Building Your Brand

AFS offers more than just products - we provide a brand backed by a true partnership approach. We support our installers with training materials, marketing assets, and professional advice, giving them not only film, but a real competitive edge.

Competitive Pricing - Without Compromise

Premium quality doesn't have to come at a premium price. AFS films are designed to deliver top-tier protection while remaining marketable with attractive profit margins.
